Oracle BPEL Process manager | Oracle Community

The Oracle SOA Suite and Oracle Business Process Management Suite Quick Start distributions allow you to quickly install a development or evaluation environment on a single host computer. The result is a compact domain, which is a developer domain consisting of a single administration server and no managed servers.

1 Introducing the Quick Start Distributions - docs.oracle.com

3. Re: Cannot find the specified instance. Problem Solved. This problem is related to the patches that must be installed after initial installation of Oracle BPEL. After installing the patches, you must manually run the file upgrade_202_203_oracle.sql. This file creates the missing id_range table, populates it, and sets guid = '2.0.3' in the version_server table.

Cannot find the specified instance | Oracle Community

3) To Test BPEL Process, Login in BPEL Console and Invoke BPEL Process & see the result. Oracle BPELPM supports various adapters.
