MapGuide 3.1.2 Release Notes. MapGuide Open Source 3.1.2 is now available. These release notes only cover what's changed from MapGuide Open Source 3.1.2 . For what's new and changed in MapGuide Open Source 3.1.2, see the 3.1.2 release notes For what's new and changed in MapGuide Open Source 3.1, see the 3.1 release notes

Release/3.1.2/Notes - MapGuide Open Source

Migrating from AIMS to MapGuide Open Source. Existing hardware capable of running AIMS should support this open source version as well, so it's an easy software swap to make and shouldn't require any hardware changes. The Administrator tool is the same as AIMS, and for the migration, a package file (.mpg) can be generated and read by OSGeo ...

Making The Switch: Migrating From AIMS To MapGuide Open Source

Open source is so much more than technology. Meet the projects that are here to help you!

Homepage - OSGeo

Okay.. from what i have learnt elsewhere...The SDF data cannot be edited directly using the Java Web API, instead Mapguide uses FDO which is an abstraction layer for accessing spatial data using a common api. FDO on MapGuide Open Source Hope this helps anyone with a similar question to my original question.

MapGuide open source : manipulating SDF data via java/jsp ...

Does anyone use the MapGuide Open Source from OSGeo? I've downloaded all the windows installers and can connected to the admin apps, but can't get
