Completely revised from cover to cover, this is the 35th anniversary release of Growing Vegetables West of the Cascades, the bible to organic vegetable gardening in the Pacific Northwest. Now in its seventh edition, the book has been thoroughly updated and includes a new formula for complete organic fertilizer and how to tweak it for a variety of different soil conditions, how-to sections for ...

Growing Vegetables West of the Cascades, 35th Anniversary ...

Review: This book is the number one selling book on organic gardening at Amazon. It is written in what I would describe as a textbook style / overview format. Although it covers a wide range of great topics that readers of our website are interested in, it really doesn't walk the reader through how to actually do things in a step-by-step manner.

Our Review of the Top 5 Organic Gardening Books

Organic Soil Management Books. The organic gardening books in this section are some of the most important gardening books in this whole list, in my opinion. If you get your organic garden soil right, most other problems solve themselves, so to speak. Look closely at this section.
