Prerequisite: Mathematics 1201 Authorized Learning Resources Curriculum Guide for Mathematics 2201

Mathematics 2201 Course Description

Students will then solve problems that involve radical equations, limited to square roots and cube roots. They will either square or cube both sides of the equation and solve the resulting linear equation. Students will then verify that the values determined in solving a radical equation are roots of the equation. (Math 2201 Curriculum Guide NLESD)
