Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy. It has two main areas of focus: asset pricing and ...

An actor is a person who portrays a character in a performance (also actress; see below). The actor performs "in the flesh" in the traditional medium of the theatre or in modern media such as film, radio, and television. The analogous Greek term is ὑποκριτής (hupokritēs), literally "one who answers". The actor's interpretation of their role—the art of acting—pertains to the role ...

Thirty years on. The thirtieth anniversary of the NHS in 1978 brought self-congratulatory noises from the Department of Health and Social Security (DHSS). 1 The medical profession took a different view and dissociated itself from celebrations. In 1948 the NHS may have been an example to the rest of the world, but 30 years later it measures poorly against many alternative methods of providing ...
