A lot of people are asking about these two very similar products so we decided to do a quick comparison. In our opinion the Polar H7 comes out on top simply because it is the newer model of the two and has the advantage of working with a lot more iphone apps than the H6 but there are some features of the H6 that keep it in the game (including being \$10 cheaper).

The Gibson Explorer is a type of electric guitar that made its debut in 1958. The Explorer offered a radical, "futuristic" body design, much like its siblings: the Flying V, which was released the same year, and the Moderne, which was designed in 1957 but not released until 1982.The Explorer was the final development of a prototype design that, years later, Gibson marketed under the name Futura.
