Medical transport of high-risk and critically ill newborns requires skilled personnel and specialized equipment. Ideally, a neonatal transport team forms a single component associated with a larger system of perinatal care composed of a tertiary care neonatal intensive care unit (NICU), a perinatal care unit, cadres of medical and surgical pediatric subspecialists, and a neonatal outreach program.

The first few weeks of an infant's life are a time of changes, transitions and challenges unique to this stage of existence. Neonatal nurses are the experts who care for newborns in a nursery setting; the neonatal period is considered to be the first 28 days of an infant's life, but neonatal nurses may work with babies for much longer.
