Design of Steel-to-Concrete Joints Design Manual II

1960's there were no established criteria for the design of cast-in-place anchors other than those published by manufacturers of welded studs (e.g., Nelson Stud Welding, 1974). These anchors were of limited depth and were used primarily as shear connectors. Many studies have also investigated post-installed anchors [e.g., Cook et al

Headed Steel Stud AnchorsHeaded Steel Stud Anchors in ...

Nelson ® stud welding's rich history began in 1939 with the U.S. Navy. Edward "Ted" Nelson invented the stud welding process at the Mare Island shipyard in Vallejo, California, as a means to speed production of shipbuilding. The first application was to secure wood decking on submarines, but was quickly adopted and used on battleships and aircraft carriers.
