The security of your network is evaluated daily. A rich question to ask is, "Are you the one doing it?" The answer, hopefully, is that someone on your side is involved in assessing the effectiveness of your defenses; however, overwhelming evidence reports that you are not the only party probing your network's perimeter.

This course will provide you with a basic grounding in the subject, which is a very important aspect of pre-modern Chinese history. The readings will introduce you to a series of reforms carried out by different social and political groups in the 19th- and early 20th- century China, when the last imperial dynasty was in imminent danger of falling apart.
