Nicu Survival Guide For Nurses - dev.farnammd.com

To achieve the Millennium Development Goal for child survival (MDG-4), neonatal deaths need to be prevented. Previous papers in this series have presented the size of the problem, discussed cost-effective interventions, and outlined a systematic approach to overcoming health-system constraints to scaling up. We address issues related to improving neonatal survival.

Neonatal survival: a call for action - The Lancet

Neonatal Survival (EMAS) program, which developed and implemented a facility-based health information monitoring system in over 400 hospitals and puskesmas. This study examines the trends in CFR from any obstetric complications, cause-specific direct obstetric CFRs, very early neonatal mortality rates, and timely use

Maternal and Neonatal Survival program in Indonesia: Results

One crucial omission in global health research and policy has been the health of newborns. While the infant and the mother have been at the centre of efforts to protect early childhood, the newborn period has been relatively neglected.
