Mathematics (from Greek μάθημα *máthēma*, "knowledge, study, learning") includes the study of such topics as quantity, structure, space, and change.. Mathematicians seek and use patterns to formulate new conjectures; they resolve the truth or falsity of conjectures by mathematical proof. When mathematical structures are good models of real phenomena, then mathematical reasoning can ...

We always start with the array task cards, which are incredibly popular among my kids, no matter their level of understanding is. In fourth grade, we have also been working on factors and multiples, so of course, I have a set of those as well. I also have them use building equations task cards and 2 different problem solving sets.
