Pass rates. Our courses are designed and taught to give you the greatest chance of passing both your examinations. This is reflected in our Foundation exam pass rate of 99.5% (UK national average 97%) and our Practitioner exam pass rate of 83% (UK national average 73%).

PRINCE2® Foundation & Practitioner Training Course (London)

PRINCE2® is a de facto standard that defines project management standards and helps establish consistency among projects. Many industries have benefited from the adoption of these standards and PRINCE2® Practitioners are in much demand for their knowledge of implementing this framework.

PRINCE2® Foundation and Practitioner Certification Training

Here is a quick summary chart showing some high level differences between the project management standards PRINCE2 (PRojects IN a Controlled Environment) and the PMBOK (Project Management Body of Knowledge).

Comparison of PRINCE2 vs Project Management Professional

Wasn't sure if I should do in-class training or self paced. Looking back, I don't know why it was a question for me. The ITIL v4 training from Good e-Learning was organized in a way that I could focus on my weak points and the quizzes within the modules were a great recap.

A patent attorney is an attorney who has the specialized qualifications necessary for representing clients in obtaining patents and acting in all matters and procedures relating to patent law and practice, such as filing an opposition. The term is used differently in different countries, and thus may or may not require the same legal qualifications as a general legal practitioner.

Patent attorney - Wikipedia

Content and Structure. One thing that we heard very clearly from our stakeholders was that ITIL needed to evolve, not be totally replaced. The fundamental ideas of service management have not changed, but the context and environment have, and ITIL needs to help organizations manage services in a new, more complex, world.
