Step 1: Complete a Certified Nursing Assistant Program. Because nursing assistant programs require students to have certain basic functional abilities, good courses to take in high school in preparation for this occupation include math, reading, and English. Paying close attention to these areas in high school can also help students prepare for the assessment tests required by many CNA programs.

### **Certified Nursing Assistant: How to Become a Nurse Assistant**

The six basic skills performed by a Certified Nursing Assistant are: Awareness and Observation  
Since they are the constant presence during a patient's stay in the hospital and the direct link of the nurse, they need to be constantly aware of any deterioration or changes in a patient's status.
