The following is a list of people who are considered a "father" or "mother" (or "founding father" or "founding mother") of a scientific field. Such people are generally regarded to have made the first significant contributions to and/or delineation of that field; they may also be seen as "a" rather than "the" father or mother of the field. Debate over who merits the title can be perennial.

Source: Hodgkin 1963, adapted by Fry 1964<sup>152</sup> Although the 1952 Danckwerts award had remedied the initial injustice of the GPs' pay, specialists regarded themselves, in George Godber's words, as a superior kind of animal. Before the NHS they had received fees from patients referred to them by GPs.
