708TX Managed Industrial Ethernet Switch | Red Lion

Overview. N-TRON® products are strongly recommended for your wired or wireless Ethernet networks in any industrial environment. N-TRON's industrially hardened Layer II Ethernet switches and wireless access points (APs) are designed specifically for industrial, marine, utility, and military applications where high reliability and speed are required.

Red Lion Controls - 308TX-N - Ethernet Switch; N-TRON ...

The grounding philosophy of any control system is an integral part of the design. N-Tron switches are designed to be grounded, but the user has been given the flexibility to float the switch when required. The best noise immunity and emissions (i.e. CE) are obtained when the N-Tron switch chassis is connected to earth ground via a drain wire.
