Feudalism was a combination of legal and military customs in medieval Europe that flourished between the 9th and 15th centuries. Broadly defined, it was a way of structuring society around relationships derived from the holding of land in exchange for service or labour.

Feudalism - Wikipedia

A state is a political organization with a centralized government that maintains a monopoly by use of force within a certain geographical territory.. Some states are sovereign, other states are subject to external sovereignty or hegemony, where supreme authority lies in another state. The term "state" also applies to federated states that are members of a federation, in which sovereignty is ...
