Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios. It contrasts with traditional education, which generally relies on the teacher presenting facts and his or her knowledge about the subject. Inquiry-based Learning is often assisted by a facilitator rather than a lecturer.

### **Inquiry-based learning - Wikipedia**

BrainPOP produces educational animated movies and is award winning. K-12 movies address science, technology, health, math, and special topics, including online safety.
