Naviextras.com - Map updates for your navigation device ...

Earlier, Nextar GPS devices came with a removable, non-rewritable SD card, which stored all the maps that the device referred to, to guide users. Updating these maps, in case they got outdated, or in case one was planning to drive to a new country, was a hassle, because one had to purchase a new card from the website, and then had to wait until it was shipped to him or her.
